Aneurism, aortic, post-mortem appearances, 458
Angina pectoris, 503
Apothecary shops in Boston, 244
Arm and hand, artificial, 386
Army, U. S., Medical Department, 168, 406
Arsenical pigments, poisonous effects of, 428
Arteries, wounds in, 109
Attraction of sensation, the, 136, 172, 214

Bacon, Lord, rules of health of, 226
Bates, Dr. J. Tildens' medicinal extracts, 463
Bell, Dr. L. V. Considerations on a new State Lunatic Asylum, 349
Bigelow, Prof. J. Use of calomel in cholera, 15
Bleeding, in cases of poisoning by laudanum, 453
Blood, quantity of in the human body, 356
Bones, Stanley on diseases of the, 266
Boston, cholera in, 27, 47, 67, 87, 127, 146, 187, 222, 296; report of deaths in, weekly; medical lectures in, 163, 306; lunatic hospital in, 186, 504; fee bill in, 223; Dispensary in, 306; Eye and Ear Infirmary, 326; proposed hospital in, 344, 406; Medical School of, 386; mortality of, 467
Bowditch, Dr. H. I. Case of malignant tumor, 498
Bowels, diseased state of—novel remedy, 121; strangulated, 417
Boylston Medical Society, 467
Brain, abscess of the, incision into, 248, 266, 473; chronic disease of, mercury in, 362; Dr. Morton on the size of the, 423; compression of the, 248, 266, 435
Briggs, Dr. I. S. Medical history of a California expedition, 479
Brigham, Dr. A., death of, 142; biographical sketch of, 250
Buffalo, Medical College of, 448
Burials, in cities, 205, 258, 288, 368
Burns, Dr. W. Remedy in cholera and cholera morbus, 61
Butterfield, Dr. John, death of, 142

Cadets at West Point, health of, 525
California, climate and diseases of, 52; medical fees in, 107; health of, 323; diseases and their treatment, 394; physicians in, 398; overland expedition, medical history of, 479
Calomel, large doses in cholera, 15, 101, 269
Camphor and chloroform mixture, 128
Canada, medical science in, 304
Cancerous tumor, removed by diet, 494
Cases, marvellous, reports of, 338
Castle, Dr. A. C. Scarifying the gums of infants, 174; sickness and death of Dr. J. A. Houston, 162, 314
Catalepsy, case of, 33
Catalogues, medical, 286
Catarrh, nasal, treatment of, 221
Catheters, gutta percha, 419
Cephalometer, description of the, 21

Chair, accoucheur's, 225
Chapman, Dr. H. B. Nature and treatment of cholera, 422
Children, diseases of, 245, 385, 424
China, climate and diseases of, 438
Chloroform, detection of in the blood, 248; discussion on, 446; death caused by, 508; alleged death from, 510; recovery from effects of, 523
Chocolate and broma, 225
Cholera, large doses of calomel in, 15, 101, 269; homœopathic treatment of, 18, 24, 59, 86, 101, 148; in Paris, 47, 107, 228; in Boston, 27, 47, 67, 87, 127, 222, 296, 146, 187; in Cincinnati, 48; Dr. Dick's observations on, 49; at Panama, 55; creosote and morphine in, 56; remedy for, 61; Dr Cartwright's treatment of, 63; in London, 86; Dr. Martin's treatment of, 97; in New Orleans, 101; in the Mississippi valley, 123; in London, 127, 188; treatment of at Charity Hospital, Paris, 134; in Buffalo, 166, 328; Dr. Sewall's letter on, 169, 185; discussion on the treatment of, 181; exclusive diet as a preventive of, 192; non-contagiousness of, 208; Dr. Ayre's treatment, 267; in Hampden Co., Mass., 296; Mr. Blacklock's treatment of, 305; Dr. Maxwell's remedy for, 308; animalculæ in cholera patients, 288, 326, 388; Dr. Evans on the contagiousness of, 345; exemption of classes from, 358; statistics of in New York and Philadelphia, 384; astringents in the treatment of, 401; electricity as a cause of, 405, 445; Dr. Chapman's treatment, 422; pretended specifics, 446; post-mortem examination of cases, 500; hydropathic treatment, 528
Churchill's (Dr. F.) treatise on diseases of children, 385
Clergymen, encouragement of quackery by, 9; reply to, 80
Cod-liver oil, adulteration of, 266; three kinds of, 303; history and uses of, 333; therapeutic value of, 406; preparation of, 444; nutritive properties of, 460
Colgrove, Dr. C. Superiority of practical knowledge in medicine, 160
College of Physicians and Surgeons, Upper Mississippi, 306, 486
Combe's (Dr. A.) Physiology of Digestion, 523
Comstock, Dr. Jos. Medical musings and gleanings, 338
Condie's (Dr. D. F.) treatise on diseases of children, 424
Congress, medical men in, 188
Connecticut, Medical Society of, 66
Conspectus, Thompson's, 166
Consumption, curability of, 263; experiments with tuberculous matter, 301
Contagiousness of diseases, 403
Convicts, health and mortality of, 505, 524
Cornell, Dr. W. M. New preparation of opium, 462
Corns and bunions, 240
Corrosive sublimate, antidotes to, 308
Counter-irritation, by galvanism, 189
Cousins, marrying of, 163
Cox, Dr. J. R., sketch of, 156
Crane, Dr. R. Compression of the aorta in uterine hæmorrhage, 355
Croup, laryngotomy in, 428

Dandelion extract, 224
Davis, P. W. Female physicians, 520
Deafness, partial, use of glycerine in, 29
Death of eminent physicians, 142
Dental operation, important, 281
Dental apparatus, 328
Dentistry, the art of, 442
Dentition, scarifying the gums during, 172
Diagnosis, correct, importance of, 499
Diarrhœa, a cause of, 26; naphtha in, 228; creosote in, 246
Dictionary, Copland's medical, 106, 408
Directions for giving medicines, vagueness of, 348
Discoveries in science, merit of, 108
Dislocation of cervical vertebræ, 11
Dysentery in Buffalo, 166

Ear, glycerine in diseases of, 29; maggots in the, singular case of, 68
Ear-trumpets, 485
Eclecticism, medical, 84
Egypt, decline of medicine in, 108
Electricity, as a cause of epidemics, 405, 444
Empiricism, clerical encouragement of, 9; one cause of, 379
Empyema, post-mortem examination of a case of, 499
Epidemics, the fungous theory of, 138
Erysipelas, use of nitrate of silver in, 528
Etherization, in midwifery, 278; in dental surgery, 287, 307
Europe, medical men and books in, 408
Eve's (Dr. P. F.) Introductory Lecture, 444

Fathers of medicine, the, 448
Fee-bill in Boston, 223
Fees, extortion of, 165
Female physicians, 520
Fermented preparations, medicinal, 89
Fever, continued, opium in, 12; on the periodicity of, 209; epidemic, in Ireland, 389; in China, 438
Fish oil, nutritive properties of, 460
Fiske fund prizes, 184
Fœtus, arrested development in, 129, 165; modified development, 250
Folsom, Dr. L., compliment to, 143
Fracture, of the tibia, 217, 501; of the cranium, 248, 266, 435, 473
Fractures, compound, in New York, 337
Fragillitas ossium, singular cases of, 393
France, lunatic establishments in, 348
Freak of nature, singular, 487
Free medical schools, 284
Frisselle, Dr. M. M. Poisoning by bi-chloride of mercury, 279

Fruit and vegetables, use of during epidemic cholera, 26
Fungous theory of epidemics, 138

Galloupe, Dr. I. F. One cause of empiricism, 379
Gallup, Dr. Jos., death of, 244
Galvanic apparatus for applying counter-irritation, 189
Gay, Dr. G. H. Point of a sheath knife in the back nine years, 78
Gay, Dr M., sickness and death of, 506
Generative organs, morbid condition of the, 152
Geological developments in Vermont, 243
Gillespie, Dr. W. A. Polypus uteri, 186
Gleanings and musings, medical, 338
Glycerine, in diseases of the ear, 29; in cutaneous diseases, 86
Gregory, Mr. S. American Medical Education Society and the clergy, 80
Gums of infants, scarifying the, 174
Gun-cotton, ethereal solution of, 208
Gun-shot wound, singular case of, 200

Hæmorrhage, means of arresting, 110; nasal, 243; from the lungs, 314; uterine, compression of the aorta in, 355; from the umbilicus, 440
Hair, coloring of the, 24; preservation of the, 146
Harrison, Prof J. P., death of, 168; tribute of respect to, 299, 486; biographical sketch of, 415
Hartford Retreat for the Insane, 25
Hastings's (Dr. J.) Practice of Surgery, 285
Health, boards of, in cities, 124
Henrick, Dr. S. L. Iodine in bites of venomous reptiles, 382
Henry, Dr. A. G. Epidemic malignant typhus, 12
Hernia, strangulated, 71
Hiester, Dr. J. P. Cases of fragillitas ossium, 393
Hildreth, Dr. S. P., sketch of the life of, 229
Hodge, Dr. H. L., sketch of, 518
Holman, Dr. E. A. Local insusceptibility to vaccine virus, 155
Homœopathy, in treatment of cholera, 18, 24, 59, 86, 148; Quarterly Journal, 85, 404; practitioners, 404
Hooker's (Dr. W.) Address, 84; Physician and Patient, 264, 400
Hooping cough and intermittent fever, 212
Horner, Dr. W. E., sketch of, 114
Horsford, Prof., complimentary present to, 145
Hospital, new, at Edinburgh, 28
Houston, Dr. J. A., death of, 162; sickness and post-mortem examination of, 314
Howe, Dr. Z. Spontaneous cure of a wounded trachea, 322
Hydrocele, large, 488
Hydrophobia, 213; spontaneous case of, 456; case of, 338
Hygiene, public, 421

Idiocy, animal, 82
Indiana Central Medical College, 108
Insanity, statistics of, 308; delicate shades of, 429, 449; connected with offences and crimes, 429, 449; in the United States, 508
Intestine, ruptured, case of, 197
Iodine in bites of venomous reptiles, 382
Ireland, epidemic fever in, 389
Irrigator, medical, a new instrument, 23

Jackson, Dr. S., sketch of, 319
Jarvis's (Dr. E.) Address, 233, 363, 386
Jaw, extensive injury of, 281
Jones, Dr. G. S. The blood of an inebriate, 282
Jurisprudence, medical, in the Great Desert, 375

Knife, point of in the back of a man nine years, 78
Knight's (Dr. J.) Introductory Lecture, 403

Lactuca sativa, 463
Laudanum, death from one drop of, 133
Lawson's (Dr. L. M.) Valedictory Address, 145
Lectures, medical, 105; in Boston, 163
Lee's (Dr. C. A.) Valedictory Address, 25
Leonard, Dr. J. P. Letter from California, 52, 394
Leukerbad, baths at, 122
Life and health insurance, 144
Ligature of internal iliac artery, 343
Limbs, deficiency of at birth, 129, 165
Louisville, Ky., Medical School at, 26
Lowell Hospital, 46
Lunatic Asylum, in Hartford, 25; in Ohio, 107; in Boston, 186, 504; accident in a, 248; in Massachusetts, proposed new one, 349; at Somerville, Mass., 406, 426; at Harrisburgh, Pa., 466
Lung, right, partial ossification of the, 356
Luther, H. G. Chloroform and electricity, 523

Mack, Dr. A. W. Creasote and morphine in cholera, 56
Maine, Medical School of, 464
Mal-practice, trial for, 206, 216, 500
Marriage, medical view of, 260; of invalids, 262
Martin, Dr. P. W. Treatment of cholera, 97
Mason's (Dr. A.) Address, 128
Massachusetts, publication of Medical Society, 386; College, in Boston, 386; pauperism in, 526
Mazzini, Joseph, 146
McLean Asylum for the Insane, 406, 426
Medical learning and talents unappreciated, 45
Medicines, uses and administration of, 265
Meningitis, cerebro-spinal, 508
Menstruation, vicarious, 63
Merrifield, Charles. Corns and bunions, 240

Mesmerism in India, 145
Microscopes, Bruner's, 25; improved, 444
Midwife, committal of a, for manslaughter, 99
Midwifery, practice of by females, 59, 80, 83, 521; etherization in, 278
Miscellany, Medical, 47, 67, 87, 107, 127, 147, 167, 187, 207, 227, 247, 286, 306, 327, 336, 387, 406, 427, 447, 487, 527
Missionary service, medical, in India, 485
Mitchell, Dr. J. K., sketch of, 38; his introductory lecture, 504
Monomania, remarkable case of, 513
Morphia, narcosis produced by, 62; new preparation of, 366, 387
Mortality, influence of medicine in lowering, 247; bills of in the seventeenth century, 306
Morton, Dr. S. G., sketch of, 56
Musk, annihilation of smell of, 28

Naphtha in diarrhœa and dysentery, 228
Necrosis in a lad, 502
New Orleans, Charity Hospital of, 367
Night visits by physicians, 68
Nursing sore mouth, 373

Oak-orchard mineral springs, 285
Œsophagus, singular stricture of the, 125
Ohio, Medical College of, 428
Onions, poultice of, 368; in hydrophobia, 340
Opium, in continued fevers, 12; injury from habitual use of, 119; new preparations of, 365, 462
Optics, and optical instruments, 164
Orthopedic infirmary in Boston, 482
Ovariotomy, 28, 446, 465, 503

Page, Dr. F. B. Letter from Dr. Sewall on cholera, 169
Paine's (Dr. M.) discourse on soul and instinct, 246
Palmer's (B. F.) artificial leg, 44
Paris, hospitals and professors in, 341
Parkman, Dr. Geo. Letter to him from Switzerland, 122; sketch of Philip Pinel, 180; sickness and death of Dean Swift, 203; his supposed murder, 366, 407, 526
Parturition, human, treatise on, 64
Patients, duties to in fatal cases, 256
Peat charcoal, uses and properties of, 69
Peckham, Dr. F. H. Medical properties of sulphur, 41
Pelvis, separation of the bones of, 482
Penis, accidentally injured, singular cases, 33, 484; loss of integuments, 280
Pennsylvania, College, 46; University of, 126, 402; Hospital, 148
Periostitis, acute, two cases of, 336
Perkins Institution for the Blind, 66
Pessary, Dr. Robinson's, 425
Pharmacopœia, revision of the, 245
Philadelphia, College of Medicine, 48; sketches of living physicians in, 38, 56, 114, 156, 236, 319, 518
Phthisis, and ague, 132; law of mortality in, 469, 489; influence of moral causes in producing, 492
Physicians, tribute to their services, 88; their position in society, 444; increase in the number of, 464; respect due to, 84; the sacredness of their calling, 468
Physiology, Dr. Dowler's contributions to, 321; Dr. Carpenter's Principles of, 465
Pills, the covering of, 247
Pinel, Philip, sketch of, 180
Pleurisy, chronic, in a child, 366
Poisoning, by bi-chloride of mercury, 279; by laudanum, 453
Poisons, restrictions in the sale of, 245
Polypus uteri, instrument for, 186
Postage on exchange journals, 488
Potassium, novel effects of, 33
Practical knowledge, superiority of in medicine, 160
Prescott, Dr. E. K. Reply to Dr. Stanley, 71
Prussic acid, administration of, 504
Psychological system of medicine, 65
Psychology, or science of the soul, 505
Putnam, Dr. C. G. Sickness and death of Dr. Gay, 506

Quackery, in the nineteenth century, 103; among the people of the Western States, 118; in Boston, 185; in the medical profession, 380, 400

Ranking's Abstract of Medical Science, 85
Read, Dr. A., death of, 336; biographical sketch of, 377
Reese, Dr. D. R. Abscess of the brain, 266
Reports from medical societies, 285
Re-vaccination, importance of, 502
Rheumatism, lemon-juice in, 48, 388
Rhubarb, administration of, 128

Salix alba as a remedy, 207
Sanborn, Dr. E. K. Case of gun-shot wound, 200
Sanborn, Dr. T. Loss of scrotum and integuments of penis, 280
Sanford's (Dr. J. S.) Introductory Lecture, 486
Saratoga, health of, 46; Medical Society of, 147.
Sawin, M. A. Physiological instruction to women, 201
Scoberry, Dr. W. H. Treatment of milk abscess, 462
Scrofula and consumption, 301
Scrotum, loss of by accident, 280
Schools, medical, pecuniary value of, 525
Sewall, Dr. S. B. Narcosis from morphia, 62
Sewall, Dr. T. Letter on cholera, 169
Shipman, Dr. A. B. Novel effects of potassium, 33; foreign bodies in the urethra, 34; catalepsy, 35; accidents from taking strychnine, 113

Sketches of eminent living physicians, 38, 56, 114, 156, 236, 319, 518
Skulls, Dr. Morton's collection of, 385
Slack, Dr. D. B. The attraction of sensation, 136, 172, 214; medical view of marriage, 260
Smallpox, and vaccination, 198; in Chester, N. H., 401
Smilie, Dr. E. R., on public hygiene, 421
Smith, Dr. C. Astringents in cholera, 401
Smith, Dr. S. R. Nasal hæmorrhage, 243
Smithsonian institution, 46
Souvenir, Utica Asylum, 85
Spain, medical education in, 368
Springs of fresh water at sea, 488
St. Louis University, 85, 126
Stanley, Dr. A. F. Importance of careful diagnosis in disease, 499
Starling Medical College, 425
Stewart, Dr. F. C. Transactions of the American Medical Association, 522
Stevens, Enos. Description of cephalometer, 21; animal idiocy, 82; opium, 119; temperature of the body, 140; marrying cousins, 163; marriage of invalids, 262; procuring abortion, 303
Stomach, foreign substances in the, 461
Stone, Dr. Jos., biographical sketch of, 149, 289
Stone, Dr. J. W. The cholera epidemic in Boston, 296
Strychnine, accidents from taking, 113; interesting experiments with, 364
Sturtevant, Dr. W. B., notice of, 86
Suffolk District Medical Society, officers of, 187; meetings of, 204, 283, 365, 427, 502
Sulphur, medical properties of, 41
Surgery, incidents of, 484
Surgical Anatomy, Maclise's, 345
Surgical skill, appreciation of, 143
Sutton, Dr. W. L. Large doses of calomel in cholera, 15, 269
Swift, Dean, disease and death of, 203
Swimming, treatise on, 64
Switzerland, letter from, 122
Syphilis, imaginary, singular case of, 26

Tea, manufacture and adulteration of, 348
Temperature of the body, 140
Tendrils and vines, experiments upon, 136
Tetanus, brandy and opium in, 62; treatment of a case, 288; after injury to limbs, 330
Tildens' medicinal extracts, 463
Tobacco enema, death caused by, 468
Tooth-key, revolving, 45
Trachea, wounded, spontaneous cure of, 322
Tumor, ovarian, 28, 446, 465, 503; containing teeth and hair, 235; malignant, removed by diet, 494
Turkey, medicine in, 108
Twiggs County Medical Society, 227
Twins of different colors, case of, 188
Typhus, epidemic malignant, 12

Ulcerations of the mouth and vagina, 373
Umbilicus, hæmorrhage from the, 440
Urethra, foreign bodies in the, 33; injury of, 485
Uterine hæmorrhage, compression of the aorta in, 355

Vaccination, benefits of, 198, 502
Vaccine virus, local insusceptibility to, 155
Vagina, ulcerations of the, 373
Valerian, oil of, 206
Venomous reptiles, treatment of the bites of, 382
Ventilation, alleged discovery in, 268
Vermont, Medical Society of, 446
Vital force, production of, 363
Vital statistics, 199, 443
Vitality, difference of in individuals, 233

Wait, Dr. S. C. Modified development in utero, 259
Wallace, Dr. W. C., on the periodicity of fevers, 209
Washington, D. C., registration report, 445
Water-pipes, leaden, 105
Webster, Dr. J. W., 527
Western States, quackery in the, 118; medical schools in the, 388
Willard, Dr. A. Acute periostitis, 336
Women, physiological instruction to, 201, 206; nervous diseases of, 405
Wood, Dr. Geo. B., sketch of, 236
Woodward, Dr. S. B., sickness and death of, 477

Yale College, medical institution of, 526
Yellow fever, in Charleston, S. C., 327
